

To Our Guests,

Welcome to Cornerstone Place, Lloydminster's First Luxury Condominium Development. The vision for Cornerstone Place began several years ago when it became apparent that Lloydminster was lacking a quality alternative to single family housing. Since that time, our design team has been meticulous in designing a concept that will forever change the skyline of Lloydminster and offer a place you can be proud to call home.

A tremendous amount of care and thought has gone into every aspect of Cornerstone Place. From the moment you enter your new home and feel the warmth of the vaulted ceiling lobby, enjoy a family gathering in the private owners' lounge, exercise in the fitness centre or park your vehicle in the secure heated underground parkade; you will feel a sense of pride that you are an owner at Cornerstone Place.

Only Cornerstone Place offers you distinctive design, grand interiors and a myriad of amenities never before offered in Lloydminster. I am confident that we have a floor plan and design that will fit your lifestyle and tastes.

I thank you for your interest and sharing in our vision of what multi-family living can be; Cornerstone Place in Lloydminster.

Sincerely,

A handwritten signature in black ink, appearing to read 'A. Nelson'.
